

# GAMING

## CUSTOM TABLE FABRIC

### POOL FELTS

- Create any image with **no effect on ball roll, speed or English**
- Moisture barrier to protect table from stains and mildew

### DUST COVERS

- Protect your billiard table with a custom-designed dust cover
- Fitted corners • Machine washable

### Gaming Tables

- Images are dyed directly into the fabric and will not fade over time
- Smooth playing surface allows cards to glide easily
- Unparalleled durability and stain resistance
- Heavy, tightly woven polyester fabric will not stretch

## THE DYE SUBLIMATION PROCESS

Dye sublimation uses high heat and solid dyes to produce photo-lab-quality images on fabric. Colour is absorbed directly into the material, making it more durable and less vulnerable to fading than other prints.

Best of all, if you run your fingers over the surface of a sublimated fabric, you will feel nothing other than the fabric itself!

Your source for CUSTOM dye sublimation.
