

# CUSTOM *Golf* FLAGS

## TUBE LOCK OR GROMMET DETAIL

- Dye sublimation golf flags, using high-tensile polyester material and high-impact sublimated graphics!
- All flags are double-stitched, zigzagged and bar tacked at the corners for durability.

**POLY SILK** - *Light weight, flutters in the softest breeze.*

Single layer fabric with single-sided graphics (95% show-through).

**POPLIN** - *The best performing flag, created with one piece of fabric (outside edge is not cut).*

Double layer fabric with opposing graphics on each side.

**MESH** - *True flag mesh with tiny pinholes to allow harsh wind to pass through, stopping wind shear.*

Single layer fabric with single-sided graphics on each side (60% show-through).

All sizes available: Course flag (20" x 13.5"), Range flag (26" x 18"), Putting Green (8" x 6")  
Choose from tube or grommet attachment.

## DYE SUBLIMATION GRAPHICS

Dye sublimation uses high heat and solid dyes to produce photo-lab-quality images on fabric. Colour is absorbed directly into the material, making it more durable and less vulnerable to fading than other prints.

Your source for CUSTOM dye sublimation.
